

Aastra Mobile – Next Generation Aastra 610d

Aastra 610d is a new entry level DECT business phone of the Aastra 600d family. It can be used worldwide with all Aastra PABXes. Variations for OEM customers are possible, GAP standard for basic functions supported.

Aastra 610d has a large illuminated 2" graphic display for navigation and easy browsing through directories. It also supports service facilities like firmware download over air which helps to reduce support costs.*
